ALF Gilgit-Baltistan — Complete Role-Based Standard Operating Procedures (SOP) & User Manual

Print / Save as PDF

1. Role-Based Access Control (RBAC) Matrix & Login Accounts

The platform enforces strict administrative scope isolation (**Global**, **Division**, **District**, and **Department**) and separation of duties. Every state transition, quantity override, payment clearance, and beneficiary export is recorded in an immutable audit trail.

#	Role Name	Administrative Scope	Core Operational Responsibilities	Default Localhost Account
1	**Citizen / Farmer Applicant**	Public Portal (`/` , `/schemes` , `/track`)	Verify CNIC, submit scheme application, receive SMS with Application ID & CNIC password, download 3-copy Challan/PSID, pay via GBPay or upload receipt.	Public Portal (No prior login required
2	**Secretary ALF / CM Cell**	Global (Read-Only Executive Oversight)	Monitor CM Executive Dashboard, Wheat Seed MIS, financial subsidy vs. farmer share, district quotas, SLA compliance, and masked exports.	`secretary@alf.gb.gov.pk`

#	Role Name	Administrative Scope	Core Operational Responsibilities	Default Localhost Account
3	**Director Agriculture / Livestock / Fisheries**	Global (Departmental)	Configure schemes, district quotas, dynamic forms, bank challan templates, bilingual SMS templates, and directorate approvals.	Assigned via User Management
4	**Division Director**	Divisional (Gilgit, Skardu, or Diamer)	Regional oversight across districts in the division, SLA bottleneck monitoring, unassigned queue routing, and divisional exports.	`director.gilgit@alf.gb.gov.p` `director.skardu@alf.gb.gov.p` `director.diamer@alf.gb.gov.p`
5	**District Deputy Director (DD)**	District + Department	Desk review, request citizen corrections, assign Field Officers, approve applications with authorized quantity (`approved_quantity`), reject, or reactivate dormant challans.	`dd.gilgit@alf.gb.gov.pk`
6	**Field Officer / Surveyor**	Assigned Surveys in District	Schedule site visits, verify cultivable land & water, capture 3+ GPS coordinates and land photos, and submit survey recommendations.	`fo.gilgit@alf.gb.gov.pk`

#	Role Name	Administrative Scope	Core Operational Responsibilities	Default Localhost Account
7	**Accounts Officer**	District / Global Finance	Verify uploaded bank deposit receipts, monitor GBPay 20-digit PSID payments, reconcile challans, and clear eligible beneficiaries.	`accounts.gilgit@alf.gb.gov.p`
8	**Distribution Officer**	Collection Center / District Depot	Manage depots, stock receipts, transfers, and damages; verify eligible beneficiaries, disburse bags, and print handover vouchers.	`dist.gilgit@alf.gb.gov.pk`
9	**Super Admin**	Global System, CMS & Gateways	Manage users, office assignments, RBAC matrix, CMS media, GBPay 1Link API credentials, Zong 4G CBS SMS gateway, and security audit logs.	`admin@alf.gb.gov.pk`

2. Role 1: Public Citizen / Farmer Applicant Manual

> **Portal URL:** `http://localhost/alfgb`
> **Supported Languages:** English & Urdu (????)
> **Tracking Credentials:** Application ID + 13-Digit CNIC (Password)

2.1 Browsing Schemes & Switching Portal Language

1. Visit the public portal homepage and use the **EN | ????** toggle in the header to view the portal in English or Urdu.
2. Browse ongoing subsidy schemes under **Schemes ? On Going Schemes** or express interest in upcoming Chief Minister initiatives under **Proposed For CM**.

Public Citizen Portal Homepage

Figure 2.1 — Public Citizen Portal Homepage with Bilingual (EN / اردو) Toggle & Active Schemes

2.2 Applying Online & Instant CNIC Verification

1. Click **Apply Now** on the desired scheme (e.g., *Distribution of Wheat Seed — Cost Sharing 50:50*).
2. **CNIC Verification:** Enter your 13-digit CNIC and click **Verify CNIC** to auto-populate your personal and geographic details from the verified registry.
3. **Agronomic & Scheme Fields:** Enter your District, Tehsil, Union Council, Village, Active Mobile Number (`03XXXXXXXXX`), Available Land (Kanals), Last Year Cultivated Area, and Demanded Seed Bags.
4. **Submit & Receive SMS:** Upon submission, the portal displays your **Application Number** (e.g. `ALF-20261028-00105`) and dispatches a bilingual **Registration SMS** with your Application ID and CNIC as your password.

Citizen Scheme Online Application Form

Figure 2.2 — Citizen Scheme Online Application Form with CNIC Verification & Agronomic Fields

2.3 Tracking Application Status, Downloading Challan & Paying via GBPay PSID

1. Open **Track Application** (`/track`) and enter your **Application Number** and **13-digit CNIC**.

2. When your application is **Approved / Challan Issued**:
    - Click **Download Challan PDF** to print your official 3-copy Bank Challan showing your **Approved Bags**, **50% Farmer Share Bill**, and **20-Digit GBPay PSID**.
    - Pay digitally using the **20-digit PSID** via any 1Link banking app/ATM (which automatically clears your application and sends a **Payment Success SMS**), or upload your stamped bank receipt on the tracking page.

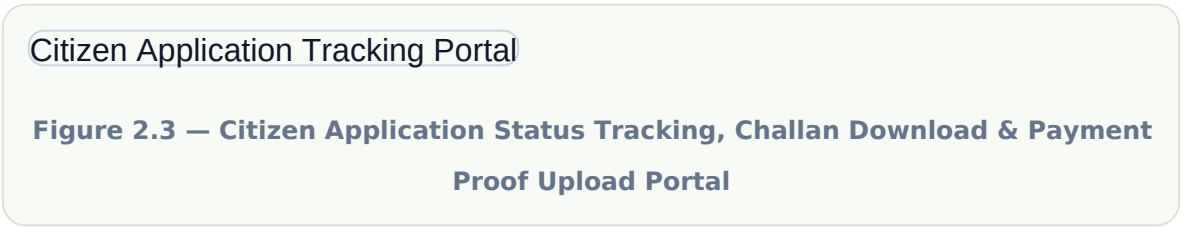

Figure 2.3 — Citizen Application Status Tracking, Challan Download & Payment Proof Upload Portal

3. Role 2: Chief Minister (CM) Cell & Secretary ALF Manual

> **Role:** `Secretary`
> **Scope:** Global Read-Only Executive Oversight (All 3 Departments & 10 Districts)
> **Key Screens:** `/admin` , `/admin/cm-dashboard` , `/admin/schemes/wheat-mis`

3.1 Main Operational Dashboard (`/admin`)

Displays real-time counters across all 10 Districts, Active Schemes, Total Applications, Registered Citizens, Pending Reviews, District Verifications, Directorate Approvals, and Completed Disbursements.

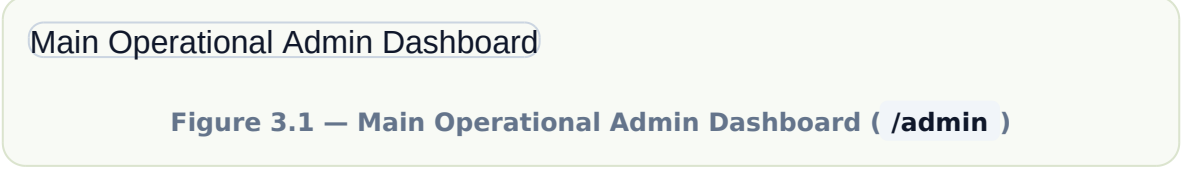

Figure 3.1 — Main Operational Admin Dashboard (`/admin`)

3.2 CM Executive Analytics Dashboard (`/admin/cm-dashboard`)

Provides interactive filtering by Department, Division, District, Scheme, and Date Range to monitor approval pipelines, financial subsidy commitments, district quota utilization, and SLA compliance, with one-click Excel, CSV, and PDF exports.

CM Executive Analytics Dashboard

Figure 3.2 — Chief Minister (CM) & Secretary Executive Analytics Dashboard (`/admin/cm-dashboard`)

3.3 Dedicated Scheme MIS: Wheat Seed 50:50 Cost-Sharing (`/admin/schemes/wheat-mis`)

Tracks available wheat land (Kanals & Acres), last year cultivation, demanded vs. approved 50kg seed bags, metric ton equivalents, 50:50 government vs. farmer cost-sharing totals, and village coverage across Gilgit-Baltistan.

Wheat Seed 50:50 Cost-Sharing Scheme MIS

Figure 3.3 — Dedicated Scheme MIS: Distribution of Wheat Seed 50:50 Cost Sharing (`/admin/schemes/wheat-mis`)

4. Role 3: Departmental Directors Manual (Agriculture, Livestock, Fisheries)

> **Roles:** `Director Agriculture` , `Director Livestock` , `Director Fisheries`
> **Scope:** Global Departmental Configuration & Directorate Approval Authority

- **Schemes & Quotas (`/admin/schemes`):** Create and manage departmental schemes, bilingual content, eligibility rules, and district-wise quotas.

- **Dynamic Form Builder (`/admin/forms`):** Configure custom application fields, bilingual English/Urdu labels, validation rules, and document checklists.
- **Dynamic Bank Challan Templates (`/admin/challan-templates`):** Configure bank names, account numbers, RCO code (`GL1800`), Account Head (`C03870`), 50:50 cost-sharing split, validity days, and live 3-copy PDF previews.

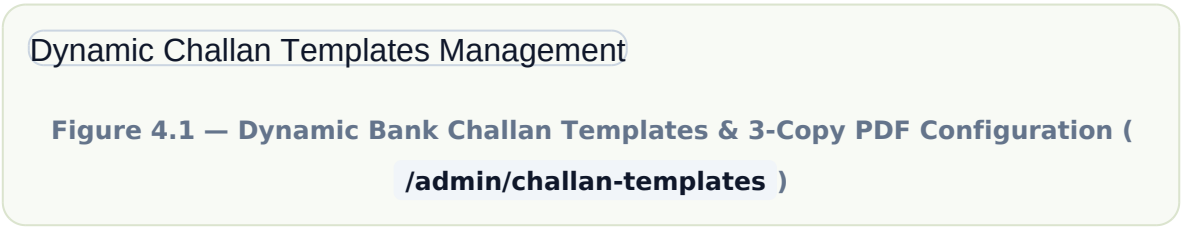

Figure 4.1 — Dynamic Bank Challan Templates & 3-Copy PDF Configuration (`/admin/challan-templates`)

5. Role 4 & Role 5: Division Director & District Deputy Director (DD) Manual

> **Roles:** `Division Director` (Divisional Scope) · `District Deputy Director` / `District Officer` (District Scope)
> **Key Screens:** `/admin/applications` & `/admin/applications/{id}`

5.1 Applications Review Queue & Multi-Criteria Filtering (`/admin/applications`)

Filter applications by keyword (Application ID, Name, CNIC, Phone, Village), Status/Stage, Department, District, Scheme, Available Land (Min/Max Kanals), and Seed Bags Required, and export filtered lists to Excel, CSV, or PDF.

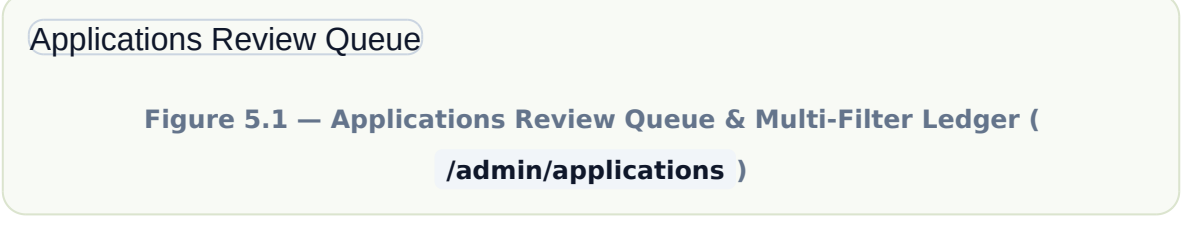

Figure 5.1 — Applications Review Queue & Multi-Filter Ledger (`/admin/applications`)

5.2 Desk Review, Field Survey Delegation, Quantity Approval & Challan Issuance (`/admin/applications/{id}`)

1. **Request Correction:** Send specific remarks to the citizen (`correction_required`), automatically triggering a bilingual Correction SMS.
2. **Delegate Field Survey:** Assign an active District Field Officer with a due date and inspection focus (`field_survey_assigned`).
3. **Approve with Authorized Quantity Override:** Select **Approved** in the *Update Status / Transition* card and specify the **Approved Quantity** (e.g., approving `3` bags where `5` were demanded). The system automatically:
    - Validates District Quota availability,
    - Calculates the 50% Farmer Share Challan Bill based on the **Approved Quantity** and district bag rate,
    - Generates the **Challan Number** and **20-Digit GBPay PSID**, and
    - Sends the bilingual **Approval SMS** with `{approved_bags}`, `{challan_amount}`, `{psid}`, and `{due_date}`.
4. **Reject Application:** Select **Rejected** and provide a mandatory rejection reason to dispatch the bilingual **Rejection SMS**.

Figure 5.2 — Application Review Detail: Demanded vs. Approved Stock, District Quota & 20-Digit GBPay PSID Card

6. Role 6: Field Officer / Site Surveyor Manual

> **Role:** `Field Officer`
> **Scope:** Applications Assigned for Field Verification within the District

1. Open **Sidebar ? Applications** to view your assigned field survey queue.
2. Click **View** on an assigned application and record:
    - **Visit Schedule (`visit_scheduled`):** Log the planned inspection date.

- **Visit Completion (`visit_completed`):** Confirm physical site inspection.
- **Survey Findings, GPS & Photos (`findings_submitted`):** Record verified cultivable land (Kanals), recommended seed bags, **at least 3 GPS boundary coordinates**, and **geo-tagged land inspection photos**.

3. Once submitted, the application automatically transitions to `findings_submitted` for final approval by the District Deputy Director.

7. Role 7: Accounts Officer & GBPay 1Link Billing Manual

> **Role:** `Accounts Officer`
> **Key Screens:** `/admin/gbpay` & Application Challan Verification Card

- **Automated GBPay 1Link Clearance:** When a citizen pays their 20-digit PSID via 1Link/GBPay, the system automatically marks the bill as `paid`, transitions the application to **Eligible Beneficiary**, and sends the bilingual **Payment Success SMS (`gbpay_payment_success`)** with the bill paid amount (`{amount_paid}`) and PSID.
- **Manual Bank Receipt Verification:** For citizens who upload a physical bank deposit slip (`payment_proof_submitted`), inspect the receipt image in the **Challan & Payment** card and click **Verify Payment (Clear Beneficiary)**.

GBPay 1Link PSID Gateway & Billing Ledger

Figure 7.1 — GBPay Payment Gateway Configuration, 20-Digit PSID Prefix Rules & Bill Ledger (`/admin/gbpay`)

8. Role 8: Distribution Officer & Stock Logistics Manual

> **Role:** `Distribution Officer`
> **Key Screens:** `/admin/stock`, `/admin/stock/centers`, `/admin/stock/receipts`, `/admin/stock/disbursements`

1. **Inventory Management (`/admin/stock`):** Manage Divisional/District Collection Centers, record Stock Receipts (Stock-In), Inter-District Transfers, and Wasted/Damaged stock.
2. **Beneficiary Stock Disbursement (`/admin/stock/disbursements`):**
   - Select an **Eligible Beneficiary** (verified payment) at the Collection Center counter.
   - Enter the quantity handed over (up to the remaining **Approved Quantity**), record receiver details, and click **Confirm & Disburse Stock**.
   - Print the official **Disbursement Handover Voucher**; the system automatically sends the bilingual **Stock Disbursed SMS** to the farmer.

Figure 8.1 — Stock & Distribution Management Overview (`/admin/stock`)

Figure 8.2 — Beneficiary Stock Disbursement Counter & Handover Ledger (`/admin/stock/disbursements`)

9. Role 9: Super Admin (SMS Gateway, Users, RBAC & Audit) Manual

> **Role:** `Super Admin`
> **Key Screens:** `/admin/sms-templates`, `/admin/users`, `/admin/roles-matrix`, `/admin/audit-logs`

9.1 Bilingual SMS Templates & Zong 4G CBS Gateway (`/admin/sms-templates`)

Configure Zong 4G Corporate Bulk SMS (CBS) credentials (`loginId`, `loginPassword`, `Mask`, REST/SOAP mode), check live SMS balance, send test English (`UniCode=0`) or Urdu (`UniCode=1`) messages, and customize bilingual templates with dynamic placeholders (`{name}`, `{cnic}`, `{password}`, `{application_id}`, `{approved_bags}`, `{challan_amount}`, `{amount_paid}`, `{psid}`, `{rejection_reason}`) for any application status.

Figure 9.1 — Bilingual SMS Templates & Zong 4G CBS Gateway Configuration (`/admin/sms-templates`)

9.2 User Hierarchy, Office Assignments & RBAC Matrix (`/admin/roles-matrix`)

Manage staff accounts, bind officers to specific Offices/Districts/Departments, inspect the granular Role-Permission Matrix, and audit every system action in **Access Audit Logs (`/admin/audit-logs`)**.

Figure 9.2 — Role-Based Access Control (RBAC) Permission Matrix (`/admin/roles-matrix`)
